OUR STORY

VS Agri, is a widely diversified South African based agricultural company that manufactures and supplies agricultural inputs and services, providing solutions for the agricultural industry. At VS Agri, all our products and services are supported by our vast knowledge base and established infrastructure. Our passion for agriculture, and our wealth of knowledge and experience allow us to be a dependable part of our farmers' operations.

It all started in 2014 with two companies and eight individuals who saw the opportunity and joined forces to become The VS Agri Group. The Group is currently one of the fastest growing agricultural entities in South Africa and currently consists of fifteen companies.

Our slogan, "Ons is die verskil" / "We are the difference", highlights the passion we have for being different and providing a product and service that is different and exclusive in all aspects.
